Intern (m/f) at ESG Business Services, Risk Consulting

Job Purpose/Role

You will be part of the ESG Business Services team, the Center of Competence for Environmental, Social and Governance (ESG) issues for the Allianz Group Property & Casualty business, located within Allianz Risk Consulting. A core focus of the team is the provision of ESG risk assessments and mitigation solutions of new and existing business for Underwriting. Generally, the team's responsibilities include: act as a referral desk for all ESG related business cases for the P/C business of Allianz Group, translating the Group's ESG strategy for AGCS and drive implementation, awareness raising and training on ESG internally as well as externally, give impetus to innovative sustainability advantaged products and services and the identification of and position on new emerging ESG issues for AGCS and Allianz Group.

We are looking for a motivated team member with a strong interest in ESG topics and motivation to support further developing this function in AGCS' Underwriting processes.

Key Responsibilities

- Support the ESG referral desk by reviewing insurance risks against the Allianz Group ESG Guidelines
- Support the ESG referral desk in the administration, coordination and documentation of the incoming and outgoing workflow

Other responsibilities:

- Support the team with research on selected ESG issues and drafting of issue and position papers
- Preparation and coordination of presentations and project-related meetings
- Screen and identify new and emerging ESG issues for the AGCS' business

Key Requirements/Skills/Experience

- You are currently working towards a university degree (Master or PhD) in economics, business administration, engineering, social sciences or other related fields. Studies related to sustainable development particularly in financial services, are an advantage
- Enrolled at university for the whole period of employment
- You have already gained practical experience ideally in the field of sustainability
- Analytical skills with the ability to work independently
- Strong communication skills and ability to take initiative
- Fluent in English, written and spoken, German, Portuguese, Spanish, Chinese or Russian language proficiency is an advantage
- Proficiency in Microsoft Office applications, Excel coding skills are an advantage

Additional Information

- Ability to start in September 2017, flexibility to start earlier is an advantage
- 38h per week for 6+ months
